**FOODANDWATERWATCH.ORG & WWW.FOODANDWATERACTION.ORG**

Join the effort to free our world from fossil fuels and the climate disasters they bring. Food & Water Watch fights for the policies we really need for a better future. No Corporate Donors. Tax-Deductible. Justice For All. With more than 2 million supporters, Food & Water Watch fights for safe food, clean water, and a livable climate for all of us. We protect people from the corporations and other destructive economic interests that put profit ahead of everything else.

1616 P St. NW Suite #300 • Washington, DC 20036 202-683-2500

**WWW.HEATMAP.NEWS**

Heatmap News is climate news for the real world. We tell the inside story of the race to fix the planet, with deep reporting on emerging decarbonization trends, like electric vehicles, clean hydrogen, and carbon capture, in addition to climate change and its impact on our economy, politics, and society.

**STOP TRINSEO PLC (AKA DOW CHEMICAL PLANT)** from poisoning our drinking water (Philadelphia and Buck County)

**SAY NO TO THE WILLOW PROJECT!** The Willow Project is a proposed development project in Northern Alaska by ConocoPhillips, a company that has been surrounded by controversy for continued oil drilling, exploitation of nature, and posing risks to indigenous communities globally.

**HELP SAVE STARVING MANATEES:** Manatees in Florida are dying off at record rates. More than 20% of the manatees—close to 2,000—have perished in the past two years. These animals are starving to death due to loss of seagrass, and swimming through some of the worst pollution they've ever known.

**BAN AFRICAN ELEPHANT TROPHY IMPORTS NOW!** African elephants are in grave danger: They're being slaughtered by trophy hunters looking to mount their heads on walls. It's disgusting and inhumane.

**EMPOWEREDBYLIGHT.ORG**

Regularly produces press releases about its new projects and achievements. Learn about what's being done in other countries such as, Puerto Rico, Zambia, Kenya, Nepal, The Congo, Brazil, Equador, Columbia, Native American Communities and Zimbabwe. Mark Ruffalo is one of the 11 advisors for this organization. He is a clean water advocate who has publically opposed the practice of chemical hydro-fracking.

## **United Methodist Church Earthkeepers**

Global Ministries seeks U.S.-based United Methodists to lead grassroots environmental projects that are action-oriented, antiracist, bold and entrepreneurial.

Global Ministries EarthKeepers is a training and incubator program that provides a collaborative space for United Methodists to develop and grow environmental projects in their communities. Topics include eco-theology, antiracism, community organizing and project planning. All participants plan a project during the training.

The next EarthKeepers training events will be held Oct. 3-6, 2024. Visit their website for more information or to register: <https://umcmission.org/earthkeepers/>
