

Advent Bible Study

On Nov 18th, join us on Zoom at 10 a.m. as we discuss and reflect on up-to-date evidence to distinguish the myth from the truth about what happened in Bethlehem that Christmas morning.

We will use Lee Strobel's, *The Case for Christmas*, four-week study to analyze the biblical, historical and textual information available surrounding the greatest story and the greatest gift of all: the identity of the Child in the manger.

See Gina Binder or Peggy Racine for more information.
